

FORM CRS- A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH
ONE WEALTH CAPITAL MANAGEMENT, LLC

May 17, 2024

ITEM 1 – INTRODUCTION

One Wealth Capital Management, LLC, (“One Wealth”), is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 - RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

One Wealth offers investment advisory services to retail investors, which principally include individuals and high-net-worth individuals (in addition to trusts, estates, business entities, charitable organizations, and pension profit sharing plans). Our discretionary authority to buy, sell, and otherwise transact in securities in your account(s) is granted in our advisory agreement and is only limited by your reasonable restrictions or our mutual ability to terminate the advisory agreement. When providing non-discretionary advisory services, you make the ultimate decision regarding the purchase or sale of investments. Our advice is not limited to certain types of investments. Our financial planning services entail the preparation of a financial plan based on your specific financial situation that includes a recommended course of action or activity to take if you decide to implement our recommendations. We generally require a minimum account size of \$1,000,000, subject to negotiation at our discretion. Regular monitoring of your account(s) is included as part of our standard advisory services, with reviews typically occurring at least annually. It is important that you keep us apprised of your financial situation so we can conduct more frequent reviews if necessary.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Retail investors will generally incur the following fees charged by us: for asset management services, an annual maximum fee of 1.25% of regulatory assets under management; for financial planning services, a flat fee between \$10,000 and \$100,000 per annum or an hourly fee of \$250 per hour; for pension plan consulting, an asset-based fee of up to 0.50% per annum. To the extent a third-party adviser is utilized, additional asset-based fees shall also apply. In addition, retail investors will also generally incur the following fees and costs charged by third-parties: custodian fees, account maintenance fees, product expenses such as internal expense ratios, and transaction charges. When we charge an asset-based fee, the more assets there are in your account(s), the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account(s). When we charge flat fees that are based on the complexity of your financial situation, we are incentivized to add or read-in additional complexity to your financial situation. When we charge hourly fees, we are incentivized to incur more time in rendering services to you. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. The custodian(s) we recommend provide(s) us with various products and services that are intended to directly benefit you, us, or both of us. To the extent a custodian provides us products or services that don't directly benefit you, this creates an incentive to recommend that custodian. To learn how we address this incentive, please refer to Item 12 of our ADV Part 2A brochure. The third-party money managers, separately managed account providers, mutual funds, and private investment sponsors we utilize and recommend provide us certain benefits, such as due diligence / educational seminars along with attendance expense reimbursements, financial and marketing assistance, and the use of certain software. This creates an incentive to recommend the third-party investment adviser. To learn how we address this incentive, please refer to Item 10 of our ADV Part 2A brochure. To the extent you purchase an insurance product from one of our advisors who are licensed insurance agents through their affiliation with a separate insurance brokerage agency, you will pay an ordinary and customary commission. These are conflicts of interest due to the additional compensation that will be received. To learn how we address this incentive, please refer to Item 10 of our ADV Part 2A brochure.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals are compensated based on salary. They are not compensated based on the sale of a particular product and do not earn commissions except in connection with the sale of insurance products, which will typically generate an ordinary and customary commission earned by the financial professional that sold such product. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
